

# visualisation

producing visualisations that transform architectural visions into reality

bptw partnership's visualisation team has recently completed some exciting projects, including the private housing project Highmore Road in Blackheath, adding to our expanding portfolio.

Our independent visualisation service offers a multitude of solutions for planning, consultation, exhibitions, sales and promotional purposes. Our services include: 2D and 3D visualisations, interactive environments, animated walk-through & fly through presentations, digital modelling and graphic design solutions.

To see more of our visuals and animations visit our website [www.bptw.co.uk/viz flash/visualisation.html](http://www.bptw.co.uk/viz_flash/visualisation.html)
